Parliament votes on the Iraq war

EMERGENCY PROTEST

**Tuesday 31 October 5pm-7pm
Assemble in front of parliament**

Stop the War Coalition has called an emergency protest when parliament debates the Iraq war for the first time in three and a half years. MPs must end a war which has brought nothing but mass slaughter and devastation to the people of Iraq. There is no excuse. It's what the majority of British people want. It's what even the head of the armed forces wants.

"This is the first time since the invasion of Iraq that the government can be held to account over this illegal and unwanted war." - Alex Salmond MP

**Join the protest
Spread the word**
